(with three months' provisions, that he might, at the end of two weeks, follow my track to única, through the country at some distance from the Coast, and also to reach the Colony in time to send back a supply of provisions to meet Mr. St疭agley on the 5th of November.

My route, however, from the vicinity of the Australian Pyrenees, passed through a country at some distance from the Coast, and here I was able to see some of the phenomena of the earth's crust, and to reach the Colony in time to send back a supply of provisions to meet Mr. St疭agley on the 5th of November.

As I proceeded northward, I was struck with the beautiful scenery of the country, and I was pleased to see the remains of some of the phenomena of the earth's crust, and to reach the Colony in time to send back a supply of provisions to meet Mr. St疭agley on the 5th of November.

I have succeeded in working a continual chain of triangles along the heights between Cape Nelson and the extreme north of the island, which has been named after me, under the direction of Her Majesty's Government, and I have the honour to present to the British Association for the Advancement of Science, a map of the island, which was prepared by me, under the direction of Her Majesty's Government.

The map, which has been named after me, under the direction of Her Majesty's Government, will be presented to the British Association for the Advancement of Science, at the meeting of the Association, to be held at Liverpool, in the month of May next.
