

1877.

Copie. S. Bonyard & Miles

"Sea-side House"

had 7' depth 2 very feet to 2' lower length of 400

leaves, before to 2' spread to limit 10 in to

present than down to the ground. Spraying with

to find water with 8 lbs - 1000, which I think was

the low present 1000 5/100.

(will exceed 9° S. 10°) in road way.

(like Copie Tosa
road of New)

This is sea-side
House

Copia for J. Brown's J. Miller

Both sides of Tom's leaves
15 loops in water, in fact because
the lot had no flowers.
