**THE ADDRESS TO DR. DARWIN.**

*To the EDITOR of the DAILY POST.*

Sir, — Allow me to correct one or two errors in the report of my observations on Thursday, at the Philosophical Society. Sir Christopher Wren died in the month of February, and Charles Dickens was born on the 7th, not the 6th, of February. Washington, too, did not die, but was born in the same month.

Your obedient servant,

THOS. P. HESLOP, M.D.

February 13, 1880.
