Dear Sir

I venture to think that  
the enclosed letter of Mr. Darwin  
to my husband, Professor Rollston  
is one that you will like at  
least to see, even if you do not  
think it of importance enough  
to publish, but may do what

You choose with it. I am sorry  
that it is outdated, but it must  
have been written several years  
ago. Yours sincerely

Grace Rolleston

Francis Darwin Esq.
