Wagner

27.5.82.

Sir,

Just as Prof. M. Wagner
intended to start for the country
(Jegersee) he received your kind
letter & charged me to write these
lines to you as also to copy
the late Mr. D's. letters for you.
I have tried to copy them as
minutely as possible, as Prof. W.
would not on any account
part with those letters, which
he values as highly as the

memory of the late author
of them. Although Prof. W.
differs in some instances
from the views of the
late Mr D. still he esteems
his opinion a highly im-
portant in most cases.
Prof. W. who is rather an
invalid & who suffers
much of weak nerves
could not bear the idea
to trust these letters to
the post office as they
might be lost.

I hope therefore, Sir, you

are satisfied with the co-
pies of them. My address
is "Miss Selberg" I have
my abode here in Prof. W.
Etage & represent the lady
if there is need.

Sir I am

Yours very truly
M. Selberg

Commissioned by Prof. W.
Wagner I send these lines
& enclosure to you & should
be obliged to learn if you
got all safe.
