Cambridge Mass.

May 21st 1882

Dear Mr. Darwin

I have just received your line of the 18th and thank you sincerely.

~~Of course~~ Of course I will send you the letters I have received from your dear Father

Many are mere names or short notes. Shall I send boldly, or only those which I may think you would care to

over? Just as you please,
I have preserved nearly
all the letters I ever
received from him - tho,
some have gone to
autograph - books.

Cordially Yours

Abraham

P.S. You know
that a long letter
addressed to me was
the basis of that 1st
publication in Proc.

Dear Lincoln Ave.,
That very valuable
letter. I returned to your
Father at his request,
I do hope it has
been preserved, & if
so that you will
send it back to me
