

²⁶
4) Leaflet to each leaf - the 2 from middle part of, hanging
vertical ones, for petiole size, round, the 2 lateral

Leaflet like withering at 2 increasing a little

Leaflet - for Petiole size
grubs

M 17 1 perched with perianth long 1'
one of basal lateral leaflet & in
a few minutes certainly become almost vertical.
I saw 4 perched with 1st 10th leaflet hardly eaten.
