31. May 1883

Sir,

Referring to an autograph
in the papers on the
subject of your proposed
Life of your father, I have
in my collection of
autographs a letter of
his which I think may
perhaps be interesting.

I am not quite sure how
I fancy I received it
from my cousin Mr.

Lewis Miall of Leeds.

I do not know what
the pamphlet was, but
the letter shows that
your father did not
care to answer such
attacks. I shall be
glad to have the letter
^{to this address}
back - it accompanies
this by Book Post -
when you have done
with it.

Yours affly
A. W. Mackenzie

Wm Darwin
