Farmington Postdam  
the 19. 7. 82.

Dear Sir!

I read in the News-paper,  
that you like to possess the  
letters, which your dear father,  
Mr. Charles Darwin has  
addressed to Germany and  
so I take me the liberty  
to send you five letters.

I suppose you will be  
with me how I have been  
so very much rejoiced, that  
I did have the honour to  
correspond with his celebrated  
Gen. Darwin!

It will be till my last  
day the dearest remembrance  
and also my son will be proud  
to show one day the letters,  
which his father, the simple  
Gardener received of our greatest  
naturalist. —

I hope my dear Sir, that  
you understand me, and so is  
no doubt, that you will be so  
kind to send back to me your  
dear father's letters, because I  
should be very sorry, when I  
must lose them.

With the greatest respect  
I remain my dear Sir

Yours very faithfully  
H. Beuter.

Gardener of His Majesty.

I should be very much  
obliged to you, should you would  
have the kindness to address  
your letter:

A. Reuter.  
Panningshof near Potsdam.  
(Prussia.)
