

Trilase

Department of Botany, Univ. Wisconsin,  
Madison, Wis., Dec. 2, 1882.

Dear Sir:

Learning from our periodicals that  
you wish for copies of the letters written  
by your lamented father, I enclose  
one received but a short time before  
his death. I shall consider it a favor  
if you will return it when through with  
it, as I need scarcely assume you it is  
one of my most prized letters.

Very truly yours,

Thos. Trilase,

Francis Darwin Esq. }  
Down, Kent, England. }
