In response to the
wish expressed in the
papers that those who
have letters of the late
Mr Darwin should
send them to the family,
I enclose a copy of
a letter I rec^d from
him in 1872. I send
a copy, lest the original

Should be lost in the
post. If however you
prefer seeing the letter
I will send it.

I have paid a Trib
ute to the memory
of Mr Darwin in
the Journal of
Mental Science
for this month &
I have requested

Miss Churchill to
send you a copy.

Yours truly
