

Whitman

Worcester
60 Foregate Street June 7/82

Sir I am told you are desirous that
letters by your late reverend father be sent
you and having one of importance I
have pleasure in sending it you, and
when convenient to you, I shall be glad
to have it returned. I prize it very highly.

It is in reply to one I wrote Mr Darwin
that a contemptible quack Lecturer "Robt
Cooper a converted infidel had been
lecturing here" and making game of the
reference to the Bear in the first
edition & the omission in subsequent editions

Sir Yours truly
R. B. Whitman

Mr Darwin
Westminster Hunt.
