My dear Sir

Seeing your letter in the
Atheneum a week ago, I enclose
you a copy of Professor Darwin's
letter written to me when I was
superintending the Sub-Malden
Exploration. The original letter
is now in my autograph album.
I am sorry therefore that I cannot
forward it for you to see, but I
shall be very pleased to prove
to you its authenticity if you
should be in Brighton at any
time.

Believe me, dear Sir

Yours faithfully,

Henry Willett
