Dear Sir

It is at Mr Horsfall's request I send you the enclosed. If you cannot see your way to use them I shall be obliged if you will return them as soon as convenient. The printed matter is from the "Manchester City news" of the 25<sup>th</sup> of June and will furnish you with the reason why I took the liberty of troubling your father. I greatly value his kind letter now enclose as an illustration of his great kindness even to strangers who requested his aid or opinions.

I am dear Sir

yours very truly
