ABINGER HALL,

DORKING.

(CONSHALL S.E.R.
STATION & TELEGRAPH.)

My dear Frank

I send you two bundles
of papers.

The one contains in original
some correspondence with your
father about Mr Forbitts
method of selecting Potatoes.
which I think needs no
Explanation.

The other is a copy of
notes written by him on

various subjects at different
times with some explanatory
memoranda by myself.

These are all the papers
I have from him except
one or two notes at the
time of Idas marriage.

I have kept the originals
of the second bundle for
the present as I value his

bad handwriting. & I don't
suppose you will care to
have them

Believe me

Very sincerely yours

J H Farver
