Dear Mr. Dering

Enclosed are

ten of yr. Father's

letters - there were

a great many more

kept - but are carefully

looking over the papers -

I cannot find more,

tho' I recollect reading

we are very - latterly
my dear Husband
did not keep so many
letters as he had done in
earlier days -
One letter I regret much
I cannot find - It
concerns us both so
much - written at the
time of the publication
of the "Origin of the
Species" - I have
regretted the letter as
you requested -
Yours truly
W. S. Fitzroy
