

THE CAMP,
SUNNINGDALE.

Aug 15/86

Dear Frank

It looks very obvious
of me to say yes, to the
publication of the enclosed,
but my aim, as you say is
characteristic, that my
name should appear.

A note should accompany
it that would disperse any
suspicion that I have
any hand in organizing the
Memorial, or that I sent
it to you rather for repetition,
(which I do not suppose I did).

Yes! I think the passage
relating to Lady Derby
should not appear.

I suppose that you have
since means of explaining the
nature of the Memorial. If
not I will send it up for
you.

Baron Jackson is away on
holiday - when he comes back
I think my best plan will
be to take it on myself to say
that, ^{putting} ~~putting~~ myself ^{in the position of} ~~as~~ ^{one of}
of the family, I felt great
reluctance in preparing ~~it~~ so
concessably on the terms of

to them
time - that I had suggested a
before writing this definitely, that
~~was~~ ^{more,} rather than two
years, & serious attempt
should be made to print it -
a one - that I knew how
liberal Mr. James was, but
that Mrs. did not justify
me in taking advantage of it
for so long a period. after Mr.
Dawson's death.

This will show her out
at any rate.

Your Mother is here, looking
remarkably well. - She has
travelling for Rapeto - She
you & Mrs. Dawson to also
I visit us Mrs. Mather?
I have not been able to

Get my - where as yet; but
my pension is not yet settled
We may go to Normandy in
10 days & a fortnight for the
end of the month.

Be Gracious
